

Fosse Company Of Archers **Open Western Sunday 25th August 2019 10.30 am**

We are holding an open Western shoot with the longest distance being 60yards (the Western round). We will also be putting on Short, Junior and Short Junior Western rounds. You can shoot any rounds you wish to. All bow disciplines are welcome.

As we will have archers from other LRCAA clubs the shoot is classed as a '2 club shoot' and therefore any county records shot can be claimed. If you would like to see a summary of these go to <http://www.lrcaa.org/assets/downloads/records/records-Overview.pdf>

No entry prior to the day is necessary, however it would be helpful to have advanced notice, so if you are going to be there please email petercurnock@gmail.com a day or two before with your name and the round you wish to shoot.
