

# County of Warwick Archery Association

(AFFILIATED TO ARCHERY GB AND W.M.A.S.)

## COUNTY AND OPEN FIELD CHAMPIONSHIPS 2022 UK RECORD STATUS

**Date:** Sunday 16th October 2022  
**Venue:** Merlin. Melbourne Rd, Ashby-de-la-Zouch LE65 1RS, UK  
(Map to be issued with the Target List)  
**Round:** WA Marked Field Round  
**Lord/  
Lady Paramount:** TBC  
**Chairman of Judges:** TBC  
**Judges:** TBC  
**Programme:** Assembly at 10.00am – Start shooting 10:30am  
Practice Targets available from 9.00am.

**Entries:** The closing date for entries is 11th October 2022 – spaces limited to 96 archers. Entry Fees £11 Senior, £8 Junior. Cheques payable to “County of Warwick Archery Association” or by electronic transfer to Sort Code 40-42-12 Account No. 81386433 with Payment Reference “CWAA Field 2022” Late entries may be accepted if space permits.

Archery GB Membership Cards will be required to be shown for insurance purposes.

Archery GB Dress regulations do not apply – please dress appropriately for the weather – bright colour is recommended for a field shoot.

**Directions:** Will be issued in the week prior to the shoot with the Target List.

**Awards:** Will be made as follows to Archers who shoot the pegs specified in the table under Shoot Format and Course:

Trophies will be awarded to the 1st CWAA Archer in each of the following categories

- Ladies Freestyle Recurve
- Ladies Compound Unlimited
- Gents Freestyle Recurve
- Gents Compound Unlimited

Medals will be awarded in each recognised Archery GB division on an Open basis, and will be dependent on the total number of entries in the division.

- 1 to 3 entries - 1 medal
- 4 to 5 entries - 2 medals
- 6 or more entries - 3 medals

An additional medal will be awarded to the first CWAA archer in a division if they do not win one of the above open medals.

**Shoot format and course:** The course will comprise 24 targets of 2 standard WA marked units (The Merlin course has 28 targets, but only 24 will be used). For those who have not shot there before, Merlin's course is entirely within very sheltered mature woodland with a few gentle slopes, and is entirely suitable for both experienced and novice field archers.

The pegs for each classification and age group for the purposes of the awards will be as the following table:

Group	Recurve Freestyle	Recurve Barebow	Recurve Traditional	Longbow	American Flatbow	Compound Limited	Compound Unlimited	Compound Barebow
Ladies and Gentlemen	Red	Blue	Blue	Blue	Blue	Red	Red	Blue
Juniors U18	Red	Blue	Blue	Blue	Blue	Red	Red	Blue
Juniors U15	Blue	White	White	White	White	Blue	Blue	White
Juniors U12	White	White	White	White	White	White	White	White

To be eligible for an award, all Juniors may shoot the appropriate peg for their age and bow class, as specified above, or may shoot from a colour of peg that is of greater distance than that specified. For the awards all Juniors age groups will be taken together in each bow type.

**Novices:** as we wish to encourage participation by those who have not yet tried, or are inexperienced at field archery, any Archer, Senior or Junior, may shoot at one of the shorter distance colour pegs than specified above for their group, however they will not be eligible for awards.

**Butts** on the course will be layered foam.

**Refreshments:** Hot and cold refreshments (no cold sandwiches), will be available to purchase at the assembly point between targets 24 and 1 and snacks will be available at target 14.

**Drug testing:** 'Record Status Shoots will be liable for drug testing and competitors approached to give samples must comply: If they refuse, that refusal will be treated as a positive result. The signature of a Parent or Legal Guardian consenting to a junior archer being tested for drugs is required if they will not be attending (NOTE This must be Parent or Legal Guardian - a senior archer accompanying the child cannot give this consent.). An address should also be provided where they can be contacted in case of problems. (See Entry Form)

**Photography:** Forms will be available for completion on the day for registering the name and contact details of anyone wishing to use photographic/filming equipment (including mobile phone cameras).

**GUIDANCE NOTES FOR THOSE ARCHERS WHO HAVE NOT SHOT FIELD  
BEFORE AND GENERAL ARRANGEMENTS**

On arrival please register at the Merlin Archers Club House and present your equipment to the Judges for inspection.

There will be practice available from 9.00 am to 10.00 am with targets close to the Car Park and Club House.

Archers will be divided into groups of four and allocated to a starting target. Following assembly and introductions groups will then proceed to starting points and start shooting on the whistle at 10.30am.

You will need to take all the equipment you need with you including spare arrows.

Shoot from as close to as practically possible behind the shooting line (this being an imaginary line drawn through the shooting peg parallel to the target), the colour peg being as appropriate to your Class and Junior Age, as outlined on the entry form or any alternative peg colour that you selected if you have entered as a Novice. The distances will be on the pegs. Please start scoring on the appropriate target number on your scoresheet. There will be two sets of scoresheets, which are to be completed by two different archers in each group and the target and running totals should be compared and checked by those scoring after each target.

We will shoot the course as one continuous round with refreshment breaks as you pass the Club House. The two archers listed first in each group will be the first pair and the second two the second pair. The first listed archer in each pair will stand on the left of the peg and second in each pair to the right. Pairs will alternate shooting first on each target. If there is a group of three then the single archer will shoot from the left of the peg unless they agree otherwise at the start of shooting. Archers shoot from the same side of the peg on all targets.

Three arrows are to be shot at each target. Please note that all arrows are to have the archer's name or initials.

The distances (in metres) and associated target face sizes in centimetres are as follows for each of the two 12 target units:

Number of Targets	Diameter of Field Faces in cm.	Distance in metres		
		White Post(s)	Blue Post(s)	Red Post(s)
3	20	5 - 7 - 10	5 - 10 - 15	10 - 15 - 20
3	40	10 - 15 - 20	15 - 20 - 25	20 - 25 - 30
3	60	15 - 20 - 25	30 - 35 - 40	35 - 40 - 45
3	80	20 - 25 - 30	40 - 45 - 50	50 - 55 - 60

The 80cm and 60 cm faces will be a single face on the butt, the 40 cm will have 4 faces arranged in 2 columns of 2, and the 20cm faces will be arranged as 4 columns of 3. On the 40 cm faces the first archer up on the left shoots all of their arrows at the top left face, the first archer up on the right shoots the top right face, the second archer on the left shoots the bottom left face, and the second archer on the right shoots the bottom right face. On the 20 cm faces the first archer on the left shoots one arrow into each of the first column of faces, in any sequence, the first archer up on the right, the third column, the second archer up on the left, the second column and the second archer up on the right, the fourth column. Where an archer has 2 arrows in one of the 20 cm faces the lower value is to be scored.

Please try to resolve any questions of line cutters, bouncers etc within your group (for bouncers, shoot another arrow) and if agreement cannot be reached, call one of the Judges. There are two score sheets per group and in case of discrepancy the lower score will prevail. Correct any mistakes before the arrows are drawn and both archers and scorer are to initial the changes which should be validated by a Judge when you next see one on the course.

Scoring:

Inner yellow zone	Score 6
Outer yellow zone	Score 5
Inner black zone	Score 4
Next black zone	Score 3
Next black zone	Score 2
Outer black zone	Score 1
Miss	Score 0, mark M

In case of a lost arrow, search for a few minutes then move on. You can also search after the event. Do not stray too far from the target or you may enter the overshoot area from another target. Always leave an archer in front of the target whilst searching, to stop the next group from shooting before the target is clear. Do not overtake the group in front. If any equipment or arrows are found, please hand these in to the organisers at the first suitable opportunity.

Please do not retrace your footsteps, only leave the course at a safe point following the direction arrows. At certain points on the course there may be safety warning signs and safety barriers or ropes, which archers should not cross.

In case of equipment failure, the other archers in the group should shoot and score and then you may have up to 30 minutes to resolve your problem. Other groups may shoot through. Re-join as soon as practical to shoot your remaining arrows and then your group should continue round the course.

Only take a break as you pass a Refreshment Areas at Target 13 and between Targets 24 and 1.

At the end of the shoot please check, sign and hand in both copies of the score sheets to the Organiser.

Enjoy your shooting.
